

## GOVERNOR MEANS WHAT HE HAS SAID

Will Keep the Lid on Louisville With Soldiers.

A. H. Hargis Goes on Warpath at Jackson and Violently Assails Newspaper Man.

### DOCTORS MEET AT OWENSBORO

Louisville, Sept. 14.—Gov. Beckham advised Mayor Barth this afternoon that it was his desire that the saloon and theaters in Louisville be closed on Sundays, and that if the mayor and board of public safety did not at present have sufficient police power to close such places he (the governor) would assist in furnishing the necessary assistance, meaning thereby, that, if necessary, the militia would be called out to enforce the Sunday-observance laws.

### Papers Are Served.

Cincinnati, O., Sept. 14.—Papers were served on the officers of the George Wiedemann Brewing company, Newport, today by Sheriff John Nagel on indictments against the company by the Boone county grand jury. Twenty-two indictments were returned, and the cases are set for December 2. The indictments allege the company shipped beer into the county in violation of the state law, which prohibits beer or other intoxicants being shipped into local option districts.

### Gen. Stone Is Re-elected.

Fulton, Ky., Sept. 14.—At the business meeting of the Second Kentucky Brigade, U. C. V., held in this city, Brig. Gen. W. J. Stone was elected commander of the brigade for the ensuing year. All the old soldiers who attended the reunion here yesterday, have departed for their homes.

### Hargis on War Path.

Jackson, Ky., Sept. 14.—Over an alleged publication in the Breathitt County News of last week, A. H. Hargis accosted Judge J. Wise Hagins in the court house door, in Jackson, today and made violent threats against him and ordered him to not use his name again in the paper. It appeared that Hargis would resort to violence, but there were no blows. Hagins went immediately before Police Judge Cardwell and swore out a warrant for Hargis.

### Kentucky Doctors.

Owensboro, Ky., Sept. 14.—Dr. C. C. Aud, of Cecelia, has written the Owensboro committee on entertainment that the meeting of the State Medical association, to be held in this city October 10, 11 and 12, will undoubtedly be the best meeting in years. An elaborate program is now being prepared and will be ready for announcement within a few days. Many notable speakers are expected to take part. The last meeting of the association held in Owensboro was in 1895.

### McKinley Memorial Unveiling.

Columbus, O., Sept. 14.—Senator John W. Daniel, of Lynchburg, Va., and Judge W. R. Day, of Canton, O., member of the United States supreme court, the chief speakers at the unveiling of the McKinley memorial this afternoon, are in the city. Mrs. Alice Roosevelt Longworth, who is to press the button that will release the drapings of the statue, accompanied by her husband, Congressman Nicholas Longworth, of Cincinnati, are here.

## SOCIETY PLANS FOR HORSE SHOW

Ball and Reception To Be Given Visitors.

Sponsors Will Number Fifty, at Least, and They Will Be Royally Entertained.

### COMMITTEES HOLD MEETING

The entertainment committee of the horse show met yesterday and preparations for the social side to the horse show are well under way. A ball will be given, and a reception, to take place in some as yet unselected place will be the feature of the week. It is hoped to secure the use of the Elks' new home for the reception. Invitations are being sent out to the sponsors in the towns around Paducah. The committee expects society in the surrounding towns to turn out en masse for the show. Other committees are meeting today and all are confronted with the necessity of making preparations on a scale much larger than last year.

The chairman of the ladies' committee of the horse show held a meeting this morning with Mrs. T. C. Leech, chairman of the executive committee, to discuss matters in connection with the features of the show of which they will have charge. It has been definitely decided to hold a reception to the sponsors and visitors to the show on Wednesday afternoon, October 3, and to give a dance on Friday evening of the meet. Sponsors have been selected from all the towns within a radius of 75 miles of the city, and notifications of the appointments will be mailed today. There probably will be 50 sponsors, and with their invited friends, a great many more. Tickets of admission to the ball will be sold at a dollar, to defray the expenses, but, of course, no charge will be made to visitors.

### UNUSUAL SPECTACLE.

Legislature Holding Session in Foreign Country.

St. Petersburg, Sept. 14.—Next week will probably witness the spectacle of an organized political party going abroad to hold a congress and plan an electoral campaign. The report of the Constitutional Democratic emissary who was sent to Helsinki, Finland, to sound the Finnish authorities on their attitude with regard to the holding of a party congress there Sept. 21, was of such a nature that the Constitutional Democratic executive committee is altering its plans and an agent was sent to Stockholm today. The committee is arranging to have a special steamer in readiness to convey the delegates.

### DROPS OUT OF SIGHT.

Smelter Operator With \$20,000 on His Person.

Agua Calientes, Mex., Sept. 14.—With \$20,000 in gold on his person, leaving his possessions here, and without a word to anyone, Ralph Church, one of the best known smelter employees here, has dropped completely out of sight. Every effort is being made to locate the missing man. Foul play is feared.

He was a man of the best habits and left Agua Calientes August 15 for Mexico on a vacation. Since that time his friends have heard nothing from him. Church came to Agua Calientes several years ago from Channing, Tex.

### NEW ORLEANS ANT RIDDEN.

New Kind Comes From South American Countries.

New Orleans, Sept. 14.—A movement is on foot to have the state and national governments appealed to to rid the city of the plague of ants which has infested it. The pests are of the Central American variety, and may have been brought here at the time experiments were being made in the cotton fields to destroy the boll weevil with the Guatemalan ants. The variety of ants indigenous to this soil has disappeared and the newcomers have taken undisputed possession of every house in town.

### Theatrical Notes

#### Fall Carnival All Week.

Horse Show October 1 to 5.

KENTUCKY.

Howe's Pictures Monday night.  
Mahara's Minstrels Thursday night

#### Minstrels Thursday.

It was in the evening when the day's work in the cotton field was done and "Massa" had gone to bed in the darkest days of slavery that the darkey toilers of the plantation were wont to gather around their humble huts, there hold high carnival under the pale light of the moon. Though all or nearly all this has passed into history and tradition, there is still a good strong semblance of those never to be forgotten days left in "plantation life." Mahara Bros', big minstrel carnival this season which makes its appearance at The Kentucky on Thursday night introduces ten of the handsomest creoles from the Bayou Teche, La. Dusky beaux and belles, is spectacular, up to date, singing and dancing, dressed in costumes of the club, reception and the ball room.

#### The New Moving Pictures.

The way the Lyman H. Howe Moving Picture company keeps bounding ahead year after year is not only an indication of its popularity, but a guarantee of merit. He will present his program of entirely new subjects at The Kentucky theater on Monday night of next week.

Mr. Howe's pictures possess attractiveness, and charm, dash and originality.

### PUBLICLY WHIPPED.

Woman of the Town Chastised by Young Man's Mother.

Anniston, Ala., Sept. 14.—Because she had wandered from the flower path of rectitude and exercised an unwholesome influence over the youth of West Anniston, Leola Stubblefield, a young white girl of about 20 summers, said to have come here from Talladega, was on yesterday evening publicly chastised with a rawhide whip in front of the Anniston City Land company building on West Thirteenth street, near the Southern depot. On a charge of vagrancy and immorality the young woman was arrested in the Louisville and Nashville park yesterday afternoon in company with the son of the lady who later administered the punishment to her. She made bond and was at the station to leave the city when she was seized in the waiting room by the angry mother and taken to a secluded spot nearby, where she was severely horsewhipped in the presence of many spectators, who greatly enjoyed the unique scene.

PIERCE CHARGED WITH FRAUD  
Attorney General of Texas Says State Has Been Made a Victim.

Austin, Tex., Sept. 14.—In the opinion of the attorney general the testimony given in St. Louis by H. Clay Pierce, president of the Waters-Pierce Oil company, in ouster proceedings brought by the state of Missouri, shows that a fraud has been perpetrated upon Texas. "It appears," said the attorney general today, in commenting on the testimony, "that Mr. Pierce's representation at the time of the reorganization of the company, that he owned 2,996 shares of stock of the new corporation was false. The Waters-Pierce Oil company was readmitted into Texas on the idea and representation that it was an independent corporation, in no way connected with the Standard Oil, or any other corporation doing an oil business. From his testimony it is apparent a fraud has been perpetrated on the state of Texas."

### STREET CONTRACTOR

In City Ready to Start Work When Contract Is Signed.

J. D. Harvey, representing the Memphis Asphalt Paving company, which secured the contract for the south side paving work, is in the city, ready to sign the contract with the city and begin preparations for the work. City Solicitor Campbell and Mr. Harvey are going over the terms of the contract.

### RIVER NEWS

Five feet higher than the same date last year and still rising is the stage of the river here now. The gauge shows a stage of 10.9, a rise of .2 in the last 24 hours. Business at the wharf this morning was good.

The Whifford arrived from Rose-Clare on the Ohio river, yesterday afternoon with a barge of rock for the street improvements here.

The Gate City was inspected this morning and left on the first trip to Dycusburg. The City of Terre Haute has been running in this trade pending the inspection of the Gate City.

The Sycamore probably will be finished Monday at the ways and let down into the water.

The Kentucky arrived out of the Tennessee river yesterday afternoon with a good trip and will wait over until Saturday evening before returning to the same river.

The Henry Harley dropped down below the sand docks to wait until Sunday when it carries an excursion for negroes to Cairo. There still remain a few repairs to be made on the Harley, principally putting in new cylinder pieces.

The City of Terre Haute will do harbor work here now.

The Duubar made the regular trips from and to Evansville today. The wheel on the Joe Fowler will not be completed for some time yet.

The Sophia is making regular trips to Birmingham, Ky., every other day from this point.

The Inverness left for the Cumberland river after ties this morning.

The United States steamer Look-out arrived yesterday afternoon to get coal and left today for the Tennessee river where the government is dredging near the Three Mile Island. It is a familiar sight now to see government boats on the rivers at work improving the channels. This work may be said to be the crumbs from the appropriation table of congress gotten by persistent agitation by river improvement associations. It is hoped some day to get the square meal of a 9 foot stage.

The Savannah will arrive out of the Tennessee river Saturday night on her return trip to St. Louis.

The Dick Fowler had a good trip to Cairo and way points this morning.

While sitting on the railing of the boiler-deck of the Tarascon, John Davis, colored, the head pantry man, lost his balance, fell overboard, and was drowned in the Ohio river at the foot of Third avenue at 9 o'clock last night.—Courier-Journal.

A Hickman dispatch says: The Rabbit's Foot, the tugboat owned by the Mengel Box company and used by them for the purpose of towing timber to their factory and veneering plant, sank at the railroad incline. The boat was badly damaged in Ofion creek, about four miles above town, and the hull was broken considerably.
